

LORD HELIOS & LADY VESTA - OUR SOLAR LOGOI

- **Divine Office:** Logoi of the Sol Solar System
- **Divine Qualities:** Divine Illumination and Truth

ABOUT LORD HELIOS & LADY VESTA

The illumined consciousness and solar force field termed, "Helios and Vesta", sustains and regulates our entire Solar System including our physical Sun and Earth's evolution. It is their Casual Body, love and Sacred Fire activity that the Earth and our entire Solar System is formed. All life on Earth comes from our Sun which is substance drawn from the Great Central Sun, qualified by Helios and Vesta. All that the Ascended Masters do for us and our planet is done in cooperation with the Sun's energy and the outpouring of the fire element to Earth. The qualities of Helios and Vesta are Divine Illumination and Truth. We may invoke their assistance into situations requiring Divine Truth, especially into the divisive energies of opposition in our world. They will give us the maximum expansion possible of our energy bodies so that we may be empowered into greater levels of service on our planet.

WHAT ARE SOLAR LOGOI?

The Solar Logoi, Helios & Vesta, act as the Representative of God as Father and Mother for our solar system. They are responsible for all life within the boundaries of their radiance as they receive Light Codes from the Central Sun together with the Great Central Sun of our Galaxy. They have within their core an illumined chamber of ChristLight, where awakened souls may go for a time to receive the component radiance of the Christed Light given forth through the MuOn Waves that come from the Parent Universe. This chamber is cool and bright white Light, nourishing and uplifting and readily available to those who may ask Helios and Vesta for its qualities.

THE FATHER'S FIAT

When our Solar Logoi was given the Command from On High to create a new System of worlds, three additional evolutionary intelligences were given an opportunity to develop and mature there. These were the Angelic, the human and the elemental. The Elohim of Heaven who had directed the Father's Fiat to these Mighty Star Powers were in attendance as the process of creation commenced.

THE CREATION OF THE SOL SOLAR SYSTEM

Thus, Mighty Beings of Light and Creation were called from the Cosmos to supplement the work of the Elohim and make this Planet Earth a hospitable and comfortable place for the Individualized I AM Presences to reside. These Mighty Beings were of the Elemental kingdom, representing the four elements of creation, Water, Air and Earth; the fourth element - Fire - being provided by the Solar Logoi Themselves.

THE ORIGINS OF THE FOUR ELEMENTALS

- **Fire Elementals:** The Cosmic Being Astrea, and her Divine Complement Purity, control & direct the Fire Elementals, known as Salamanders.
- **Water Elementals:** Mighty Neptune with His Divine Complement Luara, control & direct the Water elementals, known as Undines.
- **Air Elementals:** Cosmic Being Aries and Her Divine Complement Thor, control & direct the Air elementals, known as Sylphs.
- **Earth Elementals:** Beloved Virgo, Spirit of the Earth, affectionately known as "Mother Earth"; and her Divine Complement Pelleur, control & direct the Earth elementals known as Gnomes.

Each of the above Directors of the elemental Forces had received, through eons of time, opportunity to develop the powers of precipitating the substances and beings they present, as well as the power to control and direct them.

In the creation of the Planet Earth, as well as in the creation of other Planets, the services of the Elemental Kingdom come first. They work under the supreme direction of the Seven Elohim and the Builders of Form and it is to them that we owe our mountains, our plains, the rivers, the sea and the oceans, and everything tangible on Earth. When this work is completed, man arrives, accompanied by the Angelic Host, but even then the elementals remain to serve man and keep up the work of Creation.

" The Seven Elohim are mighty Beings of Love and Light Who responded to the invitation of the Sun of this System and offered to help to manifest the Divine Idea for this System, created in the Minds and Hearts of our Beloved Helios and Vesta — God and Goddess of our physical Sun Itself. Through ages of time, the Elohim have learned how to successfully use the creative powers of thought, feeling, spoken word and action as God intended them to be used from the beginning and, in cooperative endeavor, the Elohim drew forth our entire System in perfect manifestation, of which System the Earth is just one small planet."

Quoted from a discourse by Ascended Master El Morya 1957

GOD'S DIVINE PLAN

A Discourse given by Lady Vesta, 1956

". . . Helios and I belonged to a Galaxy much larger than this one in which We presently serve. We were a PLANET in that System and We were number four, just as the Earth is number four in relation to the Sun today. Our Galaxy was headed by a Great Central Sun made up of two mighty Beings Whose Names have long gone out of the language of your Earth, but They came close to the sound of Elohae and Eloha, which implies the Masculine and Feminine aspects of the Elohim."

"This Great Sun God and Goddess sent forth twelve mighty Suns in a descending arc of creation and these twelve Suns, as they descended, in turn sent forth, from themselves, in a horizontal manner, twelve great Planets. Our System consisted of the Great Central Sun and its twelve Suns, each Sun having twelve Planets around it, making one hundred fifty-six Planets, including the twelve Suns.")

"The System to which the Earth belongs (your System) came from the Central Sun of Alpha and Omega and has forty-nine Planets with Seven Suns (56)- one hundred less than the System of Elohae and Eloha. Let Me repeat: There is the Central Sun, from which Helios and I came, and beneath it twelve Suns. The fourth Sun down was the Sun to which We belonged and was Alpha and Omega. That sun, in turn, sent out twelve Planets in a horizontal manner and Helios and Myself were the Fourth Planet out from the Sun. This was on the out-breath, * the Suns descending and the Planets expanding - the out-breath of the Godhead so far as the creation of this System was concerned."

"On the in-breath, which is the point you are coming to NOW in your System, the Suns began ascending, number twelve entering into the orbit of eleven, number eleven going in to the orbit of number ten and so on, all the Planets of that System also ascending one."
