

INVOCATION TO THE TRINITY LORD OF LIGHT ARCHANGEL METATRON:

©October 2010 - AliceAnn Melchizedek

Beloved Mighty I-AM Presence of my Divine Christed Self; Beloved Mother-Father God Most High; Beloved Archangel Metatron and all the Beloved Archangels in the Radiance of Lord Metatron, together with my own Spiritual Company, I call to you today to assist me in the initiation and activation of my Etheric Electronic Body of Light.

I call upon Lord Metatron, working with all his legions of Light Angels and Platinum Cosmic Light to bring forth in me a greater awareness of my Lightbody, and the increase spinning of all my electron-positron pairs in all the dimensional aspects of myself; and to assist me in the embodiment of my Ain-Soph, my OverSelf of the Christ Light of who I-Am and have forever been.

O beloved Metatron grant me the gift of clear and perceptive thought, that I may truly open my heart and mind to these higher dimensions. Assist me to bring the Light of God into my being, so that I may clearly see, recognize and resolve any and all obstacles on my path or within my Being that may still stand in my way of attaining this new reality; so that I may understand the consequences of all my 3rd dimensional thoughts, words and deeds and manifest change in my conscious mind as I increase my vibratory rate.

O Beloved Archangel, with your tender heartedness and your love and compassion for all of humankind, I ask that you assist all beings of Light, all Children of God to come into their true Becoming.

O Beloved Lord of Light, bring the power of thy Light into my being, into my four-body system, and into my vibrational frequency, that I may ascend with all my brothers and sisters into the Light and take my place in the New Jerusalem.

You are Love as I-AM Love. And I-AM Love as You are Love!

And so it is! And so it is! And so it is! Amen

O Beloved Metatron, Angel of Love and Light, bring forth your Light into my being; let your overlighting presence assist me to change all in me that is not of love and light into Love and Light.

I ask that you increase my vibratory rate to the maximum frequency I am able to safely maintain at this time, and to further increase that Light Quotient in me in steadily increasing increments as I am more able to maintain Light within my four-body system.

I further ask you, Beloved of God, to show me the paths of Love all around me and to assist me in the manifestation of Love within myself, my family and within the world of this planet, so that I may begin my Service to God in Love and in Light.

O Beloved of God, Archangel Metatron grant me your blessing and your Light.
Amen.
