## **Hercules & Amazonia**

I call Lord Hercules and Lady Amazonia to enfold us in your protection, strength and power of overcoming. We ask to draw your mighty assistance into our world and decision-making processes that you will help us fully manifest God's blueprint for our lives and for difficult situations.

### **Ray 1**

We ask Lord Hercules and Lady Amazonia to turn back war, terrorism, cataclysm and all that opposes God's Will from manifesting in the governments of the nations of earth.

(Every time you give your call to Lord Hercules and Lady Amazonia in multiples of nine, you shall have that multiplication.)

## **Apollo & Lumina**

### **Ray 2**

Lord Apollo and Lady Lumina, guardians of the Christ Consciousness, we ask you for the gifts of Perception, Illumination and Wisdom. We ask for the ability to cognize and grasp an idea, and to meditate on the ways and means by which it can be brought satisfactorily into form.

Lord Apollo we ask for the flame of your Rod of Illumination to increase our awareness of God as an intense golden light pulsating within our brain, crowned by a golden corona above our head. We also call to Lord Apollo and Lady Lumina to release the Flame of Illumination for all mankind, especially for the youth of the world.

## **Heros & Amora**

### **Ray 3**

Lord Heros and Lady Amora, you brought forth the Power of Cohesion, drawing the unformed into form, and sustaining and beautifying that manifestation through love.

Lord Heros and Lady Amora you stabilize the earth and curb the power of the dark with bricks of ruby-ray love you placed into the earth. We call to you to amplify love and to multiply our Violet Flame decrees by the Power of Love that will heal the aetheric sheath of the planet.

Lord Heros and Lady Amora we ask you to help us defeat all that opposes our Divine union with our higher self.

## **Purity & Astrea**

### **Ray 4**

Mighty Astrea we ask you to use your Sword of Blue and White Light to cut free God's children from all that opposes their spiritual victory, including addictions, harmful thoughts and feelings, and entities that attach themselves to the spinal column and chakras, syphoning the light of an incarnate being.

We call to Lord Purity and Lady Astrea to lock the Circle and Sword of Blue Flame around the cause and core of any negative condition or problem in the lives of all beings on planet earth. We ask you to wield your circle and sword as an antidote to every form of darkness. We ask you to use your sword to shatter the forcefield of darkness, disease and death, and reinforce our innate God-identity.

### **Cyclopea & Virginia**

#### **Ray 5**

Lord Cyclopea and Lady Virginia, we ask for your assistance with healing, truth, vision, abundance and music. We ask you to reveal the vision of the Creator for the freedom of lifewaves on many planetary homes through the galaxies.

During the co-creation of Nova Earth, you hold the concentration of energies until the design of Nova Earth is completed. We ask you to help us to clear our third-eye of all impure seeing, and our mental and emotional bodies of all impure thinking and feeling.

Lord Cyclopea and Lady Virginia, we ask you to release the Music of the Spheres on behalf of Alpha and Omega and help us to fulfill our Divine plan. Together, we ask you to teach us the vast science of God and the scientific steps that will lead to our spiritual ascension.

### **Peace & Aloha**

#### **Ray 6**

Lord Peace and Lady Aloha, we ask you to seal Nova Earth in a flame of Cosmic Christ peace that can be permanently sustained.

We also ask Lord Peace and Lady Aloha to radiate powerful ribbons of peace from your retreat and teach aspirants how to hold the Flame of Peace that Jesus bore.

We ask you to teach us to visualize a pavilion of peace in our hearts and help us govern the energies of our solar plexus chakra when we give the mantra, "Peace be still and know that I AM God." We call to you to prevent wars from starting around the world and to help deter larger conflicts. If it is in alignment with the plan of the Divine Mother, we ask for ten thousand angels of peace to descend upon each area where warfare is taking place.
