Serving as our World Teacher Lord Kuthumi, (Koot Hoomi), AKA **Kuthumi Lal Singh** comes to support each one of us in our ascension in the area of Divine Truth and the discernment of that Truth, The I-AM Consciousness of our Divinity. He is the Chohan of Ray Two, Love-Wisdom and administers its Blue Radiance to all humanity as it comes from Heaven. He holds the position of Leader of the second office, that of The Office of The Christ, which works hand in hand with the offices of the Manu and the Mahachohan, and is primarily responsible for directing the work of the 2nd ray under its alternate Chohan Lord Lanto. Kuthumi works very closely with El Morya Khan (Chohan of the 1st Ray) and Djwhal Khul (Chohan of the Emerald Ray), with whom he helped found the Theosophical Society. Kuthumi holds the rank of the Planetary Christ for the Next Age and is currently moving into a new role as head of the 10 Golden Solar Archangels, which is an order of Angels associated with the dawning of the Golden Age. He has lived earthly embodiments as Saint Francis of Assisi; Balthazar, one of the wise men following the star to child Jesus; and the Greek philosopher, Pythagoras. Instrumental in bringing Theosophy to the Earth, his activity is education, providing gentle understandings of truth and wisdom through his great love for Humanity. His final incarnation was as Mahatma Kuthumi, a Punjabi from Kashmir. He fully ascended from this last (partial) embodiment in the late 1800s. His etheric temple of Illumination is said to be a cathedral of nature and located over the hills of Kashmir, India. Kuthumi has an Etheric focus at Shigatse, Tibet and is hierarch of the Temple of Illumination at Kashmir. His mantra is "I AM Light". His twin flame is the Lady Clair who is an aspect of Amaclara, the Queen of Light, who works from an etheric retreat known as the Crystal Temple over Messina, Sicily.

Kuthumi has been a prolific channel for much spiritual information through a number of sources. Lord Kuthumi's ties to the Earth are very strong and he sees the necessity for us to learn to be fully grounded into the Earth in order to accept the higher energies which are now being brought through. He also helps us to work with all the "lower" kingdoms of Earth, including the plant and mineral kingdoms. He can help us open our channels to bring through information about how these important beings can help us, shows us how to communicate with Earth Devas and Spirits and encourages us to live in harmony with the Earth. He is also a Master of all healing, especially of the mind and emotions (he is a Master psychologist and his expertise in this field helps us to truly "know ourselves"). He is responsible for maintaining the yellow plume of the Inner Heart, relating to Divine Illumination and Wisdom, and heads the "Brotherhood of the Golden Robe". We may call to his golden-yellow Sacred Fire rays for Wisdom, Discernment and Illumination. As the Christ to come in the Sixth Root Race, he is now calling to himself those who will serve in the I-AM Consciousness of that coming Age.
