

LORD MELCHIOR - THE GALACTIC LOGOS

Little is known about the Galactic Logos, save that the Energy of Melchior is a direct Expression of the Father Creator. Melchior is the Logos at the Galactic level of the Father's Kingdom, represented by a silver golden colour of light. The radiance of the Galaxy is a Program of Living Light transmission that infiltrates through to the Lower Worlds.

Each level of integration of every life form is a progressive step to the next level of Creation. This Living Light is a manifestation of Divine Love that desire to serve all manners of creation that serve the Father's Light. Melchior oversees the Galactic Levels of the Creator's Universe and distributes the Sacred Energies and Will of the Creator. Thus Melchior Serves to in-gather the Light Frequencies from Higher Evolutions of Light Manifestation and thence distribute that Light Creation directly to the worlds within the defined galaxy of which he governs.
