Lady Portia is Chohan of the Gold Ray of our Christed Buddha - self. She embodies Divine Justice through Divine Opportunity and so is also known as the Goddess of Justice and the Goddess of Opportunity. She is one of the Lords of Karma with a seat on the karmic board, where she represents the 6th Ray. She is also the Keeper of the Holy Heart Flame (also called the Sacred Heart Flame), which is a feminine aspect of the Violet Flame energy, and she applies the principles and effects of this flame in her work today. Lady Portia is also Keeper of the Flame of Justice and Opportunity.

Lady Portia has previously served on the sixth and seventh rays with her twin flame, St. Germain, who now is working to administer the changes being brought about through the Higher Rays. Together they will be serving as Directors of the Aquarian (New) Age. It is Lady Portia that is characterized holding the scales of justice above buildings. "Justice" is to be found at the balance point of thought and feeling, and so together with the hierarchy of Libra (whose sign of the zodiac is of course the set of scales) her role is to teach humanity to attain balance of the physical, emotional, mental and spiritual bodies through the attributes of the four elements of earth, wind, air and fire.

Lady Portia holds the balance of polarity for humanity whilst she waits for mankind's sense of justice to become balanced and merciful. She answers all calls for balance and teaches us to attain our own balance between the polarities that exist in the world, whether this be Yin / Yang; Masculine Ray / Feminine Ray; good / evil etc. She is incredibly strong and focused in her work and intention and works today to balance love and wisdom, justice and mercy within the hearts of all and to help anchor the violet flame of transformation within the hearts and minds of all humanity.
