As Avatar of the Piscean Age, Jesus of Nazareth was the living embodiment of the Christ Expression on Earth. He transformed into his Christ Self through a fully activated 3-Fold Flame of Love, Wisdom and Power, the Trinity of Father/Child/Holy Mother Spirit. His miraculous incarnation put in motion the divine momentum of this cosmic moment in which all humans have the capacity to experience their own Christ Self through full self realization as Divine Love. Jesus serves as Lord Sananda with Kuthumi in the office of World Teacher and brings the qualities of love, healing and illumination. He teaches us how to follow his example and become the living incarnation of the God I AM.

Sananda was until recently Chohan of the sixth ray and has served as World Teacher. Although he retains some influence on the 6th ray, which is the ray of idealism and devotion, he is currently working through the Mahachohan to bring enlightenment to Earth to allow the Higher Rays to manifest and be anchored. He is a Divine Master of the Cosmic Light Command, and has been given the dispensations of pure devotion, resurrection and may bring the pure Love of God to anyone who asks for it. His Etheric retreat is situated over the North Pole, where he is also Guardian of the Inner Earth.

Like many of the Masters he has spent lifetimes on Earth influencing and directing the births and developments of the worlds' religions. Past lives have included Melchisadek (the teacher of Abraham), Joshua, Enoch (who was overshadowed by Melchisadek and influenced by Metatron to form the "Keys of Enoch" - a set of spiritual rules, rather like the ten commandments), Jeshua, Joseph of technicolour dream coat fame and Zend (the father of Zoroaster who founded the Zoroastrian religion). His best known lifetime was as Jesus the Christ ("Christ" symbolises the frequency which means "One with God") founder of the Christian religion. He was overshadowed for the last 3 years of that life by Lord Maitreya who headed the Office of the Christ, and was leader of the Great White Brotherhood.

Sananda works with the masses and tries to neutralise the errors of theologians who (often incorrectly) interpret his teachings in his lifetime as Jesus. One of the current goals of the 6th ray is to create one world religion, whereby the pathway is not the focus, but the destiny is. The creation of this would mean true enlightenment - after all, much of the troubles on Earth are related to misguided perceptions about one religion's path being the "only true way". He also works to remove fears and feelings of self-doubt from us and to awaken the Christ Consciousness within us. His love for us and desire to see us become complete, perfect and whole is never ending.
