

THE GREAT CENTRAL SUN

The Great Central Sun* is the Source and the Center of a Galaxy and a Cosmos. It is the Point of Integration of the Spirit/Matter Cosmos, and the Origin of all physical-spiritual creation. It is the Nucleus, or White Fire Core, of the "Cosmic Egg". (The God Star Sirius is a Focus of the Great Central Sun in our sector of the Galaxy.)

The Sun behind the Sun is the Spiritual Cause behind the physical effect we see as our own Physical Sun and all other stars and star systems, seen or unseen, including the Great Central Sun. The Sun behind the Sun of Cosmos is perceived as the Cosmic Christ - the *Word* by Whom the Formless was endowed with form and Spiritual Worlds were draped with physicality.
